To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation on behalf of Marined Rios. I have the joy of being Marined's supervisor in her current contract role as Administrative Office Support at our Carolina, Puerto Rico office.

Marined has proven to be an outstanding addition to our team. She exceeds performance standards for her position on a daily basis. Her work ethic is unprecedented as is her professionalism and customer service. In my time as her supervisor I have observed Marined blossom into a skilled leader and dedicated worker.

Over the last eight months, Marined has surpassed all expectations in the time that I have known her. Her dedication, enthusiasm and moral character are absolutely of the highest quality. I am confident that she will excel in her chose career aspirations.

I am proud to have Marined as a co-worker, she has our highest recommendation as we have not only benefited from her addition to our team but enjoy her presence in our office immensely.

Kindest Regards,

Lindsey Baumgardner
